

the place of trees...

Our property is "Wirreanda Estate", but don't be fooled by the name - there are no wine grapes or winery here.

We have a great comfortable place for you to stay and you can while away the time relaxing in our extensive gardens and bushland.

"Wirreanda" means the place of trees, and we have an ongoing planting program in place so that we can live up to our name.

We accept VISA, MasterCard and Eftpos.

where are we?

Drive down the Channel Highway (B68), through Snug towards the Oyster Cove/Cygnnet turn off (C626). Watch for our tourism information signs which are some 400m from the Manuka Road/Cygnnet intersection. Turn left and we are 400m from the intersection.

Relax & unwind at Oyster Cove Chalet...

Wirreanda Estate Oyster Cove, Tasmania

AAA ★★★★★

a bit about us...

Wirreanda is located at Oyster Cove, Tasmania, just 35 kilometres and 25 minutes from central Hobart. The property is of some six acres and is on the D'Entrecasteaux Channel opposite Bruny Island, between the townships of Snug and Kettering, "The Gateway to Bruny".

We are centrally located within easy access to the Huon Valley, Hastings Caves and Tahune Air Walk. Southern Tasmania's other premiere tourist attractions such as Port Arthur, Mt Field National Park and Lake Pedder, are just a days touring from the complex.

Great meals are available from the four Hotels and the many restaurants with-in easy reach of the Oyster Cove Chalet.

the units

We have three queen units with spas and everything one would expect from a four star development. The fourth unit is twin share and caters for our disabled clients and includes all facilities except the spa.

As self contained units, cooking facilities are available in all units and full breakfast provisions are included in the tariff. The establishment is licensed, giving our clients the ability to buy alcohol from the mini-bar and the office.

Our units are modern, airy and well equipped, ready for a relaxing weekend or an invigorating adventure in Southern Tasmania.

Wirreanda Estate

The grounds of Wirreanda Estate are spacious and well developed, with natural bush and large lawn areas. Both native and specimen trees are dotted around, giving delightful areas to walk and explore. Dining on the outdoor settings which are placed around the property, is a must.

An abundance of nocturnal native animals, also make Wirreanda their home and can be viewed from the units.

The ambience of the area is relaxing, with great walks to Oyster Cove (just two kilometres from the house) and for the more energetic, Kettering is just six kilometres away.
